LIA Laser Safety Committee

Through this committee, LIA provides its membership with up-to-date information regarding national laser safety guidelines through publications, conferences, and educational courses. LIA would like to thank the following individuals for their participation in the first edition; the material of which serves as the basis of later editions.

David H. Sliney, Chair

Mario Aullet, American Allsafe

Craig Bakazonis, Shands Hospital

Ken Barat, Lawrence Berkeley Laboratory

Sidney Charschan, Charschan & Associates

David Edmunds, Xerox Corporation

James Franks, US Army Environmental Hygiene Agency

R. Timothy Hitchcock, IBM Corp.

Richard Hughes, High-Rez Diagnostics

Rocco Lobraico, Wenske Laser Center

Wesley Marshall, US Army Environmental Hygiene Agency

Robert Miniutti, Gentex Optics

Fred Seeber, Camden County College

Dewey Sprague, University of California - Berkeley

James Smith, IBM Corp.

Robert Weiner, Consultant

Myron Wolbarsht, Duke University

LIA would like to convey special thanks to David Sliney and Wes Marshall, without whom this guide would not have been possible.

LIA gratefully acknowledges the use of material in this guide that originally appeared in the ACGIH *Guide for the Control of Lasers* (Ref 1).

Table of Contents

I.	Introduction.....	1
II.	Laser Hazards.....	1
III.	Eye Hazards	2
IV.	Skin Hazards	6
V.	Non-beam Hazards from High Power Lasers	6
VI.	Laser Safety Standards and Hazard Classifications.....	7
VII.	Viewing Laser Radiation	11
VIII.	Safety Procedures for Each Laser Classification	13
IX.	Controls for Outdoor Lasers including Surveying, Alignment, & Leveling Lasers.....	21
X.	Eye Protection.....	22
XI.	Laser Safety Officer	26
XII.	Control of Non-beam Hazards	33
XIII.	Laser Calculations and Measurements.....	41
XIV.	Summary.....	42
XV.	References.....	43
XVI.	Appendix.....	44
XVII.	List of Figures and Tables.....	49
